PETITION

To the Alberta Workers' Compensation Board of Directors:

We, the undersigned residents of Alberta, petition the WCB Board of Directors to undertake the following:

Hold public hearings throughout Alberta so that the Injured Workers, can personally bring to your attention, the issues / problems they are experiencing with the WCB, as they relate to their claims.

Publish the issues / problems that the injured workers have complained about at these public hearings.

Publish what action will be taken to remedy the issues / and problems brought forward by the injured workers.

Remove the goal-sharing program that rewards the case managers by giving bonuses.

Temper the adversarial approach toward the injured workers at the Case Managers level and at the Rehabilitation Centers.

Please mail completed petition to: J&S Consulting 12 Orillia Park Road, Red Deer Alberta, T4N 5A6
